

TELEGRAPH SYSTEM CROSSES CANADA—CANADIAN NATIONAL RAILWAY WILSON LAND LINES IN MARITIME PROVINCES

Winnipeg, July 8.—Continuing July 7, the Canadian National Telegraph system crosses Canada from Montreal to Halifax, Nova Scotia and Prince Edward Island, having been under way for some time, fulfillment of this project having been sought by Mr. Robb, and these negotiations were brought to completion by G. W. Barber, General Manager of Canadian National Telegraphs.

At the present time, Canadian National Telegraph has 15,000 miles of wire in service and it operates 124 telegraph offices in the Dominion. The acquisition of the Canadian National property will add to this 6,070 miles of wire and 168 offices. In addition to the present Canadian National system, the Canadian National Telegraph has 12,000 miles of wire in service and it operates 124 telegraph offices in the Dominion, thus obtaining the necessary for thousands of miles of individual mileage of wire.

Up to this time the commercial telegraph business on the line has been operated by the Western Union Telegraph Company. The purchase of this property Mr. Robb gives to Canadian National Telegraph complete control of all facilities on the line. The Canadian National system from Nova Scotia to British Columbia has been finally completed. A complete transcontinental system, A. J. MacLeod, president of the company, has been principal agent in the project. The Canadian National system has been served by Canadian National facilities direct, Halifax, Sydney, New Glasgow, Saint John, Yarmouth, and Charlottetown, P. E. I.

FIRE LOSS HEAVY IN ALBERTA

Alberta stood highest among the provinces of Canada with a per capita loss of \$5.74 caused by fire during the year 1928 according to figures compiled by the Fire Commission. The total fire loss in the Dominion during the year is given as \$102,697,449.

IN THE MATTER OF THE PUBLIC UTILITIES ACT AND IN THE MATTER OF AN APPLICATION BY THE TOWN OF MACLEOD FOR THE CANCELLATION OF PLAN NO. 219 OF A. J. MACLEOD

NOTICE IS HEREBY GIVEN that an application has been made to the Board of Public Utilities Commission of the Province of Alberta, in the matter of an application by the Town of Macleod for the cancellation of Plan No. 219 of A. J. Macleod, for the cancellation of record in the Land Titles Office for the South Alberta Registration District as Plan No. 219 of A. J. Macleod, dated Wednesday the 2nd day of August, 1928, at the hour of 10 o'clock, in the afternoon at the office, 716 McLeod Building, Edmonton, at the time and place for such hearing.

AND FURTHER TAKE NOTICE that if the amount of arrears of taxes standing against any lot or lots is not paid within ninety days from the 27th day of June, 1929, the Board may sell such lot or lots to the Town of Macleod, as provided by Section 142A of the Public Utilities Act, 1925.

Dated this 27th day of June, 1929.

G. W. BARBER, Secretary-Treasurer.

NOTICE TO CREDITORS AND CLAIMANTS

In the estate of FREDERICK W. TIMBLECK, late of the Town of Macleod, in the Province of Alberta, deceased.

NOTICE is hereby given that all persons having claims upon the estate of the above named Frederick W. Timbleck, who died on the 5th day of April, A. D. 1928, are required to file with WILLIAM WHITWORTH, of said Macleod, Administrator of said estate, on or before the 15th day of August, A. D. 1929, a full statement of such claims and of any securities held by them, and after that date the Administrator will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been given or which have been brought to his knowledge.

DATED this 26th day of June, A. D. 1929.

JOS. M. MATTHEWSON, K. C., Solicitor for the Administrator.

BRITISH UNDERSEA CRAFT SUNK IN 270 FEET OF WATER—22 LIVES LOST

London, July 8.—The British submarine H-47, with 22 of her crew, was sunk within 270 feet of water today was sunk in 270 feet of water in St. George's Channel, off the coast of Ireland, on the 27th of June.

The undersea craft was struck by the submarine L-12, a larger vessel, and the explosion which followed the loss of her normal crew of 23 was saved. These were Lieut. R. J. Gardner, her commanding officer, and Arthur Cleburne, of Devonport, Telegrapher. Both of these, presumably, were in the conning tower.

The L-12 lost one man, Charles Powell Hall, chief stowaway, who is missing, while Arthur Sampson, who was in a critical condition, died from injuries he suffered in the crash.

Salvage Difficult

As soon as word of the disaster was received, the deckyard tugboat, Grapple, hurriedly prepared to go to sea with salvage gear from Portsmouth. Details of the circumstances under which the disaster occurred are being investigated by the Admiralty.

It appeared, however, that the physical malice of the H-47 was not the cause of the disaster, but that it was a result of a collision with the L-12.

The submarine L-12 belonged to the Royal Navy and was on a voyage to the Mediterranean Sea.

SUNSHINE TRAIL DELEGATES WILL MEET IN LETHBRIDGE

Numerous delegates from all parts of Alberta and Montana are expected to attend the annual Sunshine Trail convention to be held in Lethbridge some time in August. The convention is being organized by the Sunshine Trail Association, which has been organized for the purpose of promoting the Sunshine Trail, a route of travel from the coast of British Columbia to the Gulf of Mexico.

The convention will be held in Lethbridge, Alberta, and will be the first of its kind in the province. It is expected that the convention will be a great success, and will result in the establishment of the Sunshine Trail as a permanent route of travel.

THE BIG CITY PROBLEM

Real estate experts, meeting at Montreal, attempt to chart some sort of course which North American cities can follow in their expansion. Such cities as automobile parking, rapid transit, skyscrapers, and traffic outlets are discussed in all their phases as the experts strive to find some way of making life endurable in the crowded centers of population.

It is a big problem, and it will continue to get bigger each year. In fact, it may yet prove the worst problem this continent has to face.

Meanwhile—quite by chance, yet very timely—newspapers in every city in the land print pages of vacation advertisements.

You cannot pick up a daily paper without finding yourself drawn to a rest. Lakes, mountains, rivers and scenic beauty. Flung there are pictures in imperative type. Bathing girls are shown in their element, and the advertisements carry the appeal of every section of the country, and of course very greatly. Yet the basic appeal of all is the same: get out of the city into the country and make yourself over—get away from the crowd, find a little peace and quiet and fresh air and get some strength for the next year's work.

Thus, in a way, the cat is let out

of the bag. At the precise moment when the real estate experts are planning a constant growth in size on the part of all our cities, these vacation advertisements are circulating, showing that all is not so black as the modern city, at best, is a pretty poor sort of place to live, and that people can stand it only by getting away from it every so often.

Many of our cities are crowded now. All of them are tangled and jammed by streams of traffic. All of them are crowded with people who can never get out of sight or sound of one another. And, worse than this, the cities are crowded with all of these things are going to grow worse instead of better. Competition is to become more envenomed, and the cities are to become more and more tangled and jammed.

The real estate experts are trying to find some way of handling these problems—the vast of us, mostly, while, even the vacation advertisements and dreamy fables of getting off by ourselves in the summer sun, light, where there are no crowds or traffic, are no neighbors' radius or tumultuous streets.

While we dream of our vacations, though, we might as well drop a prayer for the success of the experts. For, after all, we are going to continue to live in our cities, whether we like it or not, and the best we can do is hope that some way will be found of making them more endurable.

THE NEW ICE AGE?

In case you haven't anything else to worry about, you can't give a thought to some recent remarks by Donald MacMillan, arctic explorer, who suggests that the northern hemisphere may be right on the edge of a new ice age.

The ice ages of the past have sent old chills of fear down from the polar regions to blanket the land. MacMillan says that Eskimos in the north have told him that huge glaciers now cover valleys.

A repetition of this, obviously, would wipe out our national life considerably. MacMillan says that Eskimos in the north have told him that huge glaciers now cover valleys. A repetition of this, obviously, would wipe out our national life considerably.

We are entitled to hope that this is all a false alarm. But if you haven't anything else to worry about, you ought to be able to get something out of this.

LIFE SAVING

During the summer months there is nothing that youth enjoys so much as outdoor bathing. Whether the water is clean or a veritable stretch of it is really a matter of little importance to them. Youth rarely takes time to consider consequences, and is rather scornful of the individual whose motto is "Safety First." In consequence summer after summer young lives are lost that can be ill spared. Young lives wasted in almost every case.

Every child should be taught to swim. The younger the pupil the easier it is taught. Quite small children, when first they are taught, instinctively strike out in the current way when they find themselves in water. Instruction in swimming should form part of the education of every boy and girl.

It is a healthful exercise. It is a safeguard against accidental death by drowning. It may be said frequently in the minds of saving life for others.

First Aid to the apparently drowned is nearly as important as the ability to swim. Instruction in the one means instruction in the other. Help protect the youth of Alberta by learning to swim. Literature sent First Aid can be had free of charge from the Canadian Red Cross Society, 407 Gore Street, Toronto, Ont.

WEDDING BELLS

MAXWELL-MCLEAN

The home of Mr. and Mrs. T. S. McLean, Banffshire House, Macleod, Alberta, was the scene of a very pretty wedding on Saturday evening, July 6th, at 8 p. m., when their daughter, Helena Irene, became the bride of Donald Mayne, youngest son of Mr. and Mrs. James Maxwell, Leveaux, Sask. The sweet girl, dressed in a tiered tulle French Ivory Gorgonzola frock and trimmed with Venetian lace and wearing a Juliette cap and veil with orange blossoms and sweet peas, carried a gorgeous bouquet of sweet heart roses and coffee, the room on the arm of her father to the strains of Mendelssohn's Wedding March, played by Miss Lillian Andrews. She was preceded by her bridesmaid, Miss Ruth McLean, a younger sister, wearing a smart buff and edged with silver net, and carrying a sheet of pocket handkerchiefs from which she threw. The little flower girl, Rita Patton, niece of the bride, in frilled pink organdie, scattered rose petals along the bridal path. The groom was attended by his brother George Maxwell.

The wedding service, read by the Rev. R. W. Dalziel of Charlton, was performed under an arch of bells and streamers, headed with Canterbury bells and crosses. During the signing of the register Mr. G. Patton sang effectively, "I Love You Truly".

Mrs. T. S. McLean, mother of the bride, was becomingly dressed in a grey and brown look suit, wearing a corsage bouquet of shell roses. The groom's mother wore a figured French Gorgonzola gown in black and white.

A delightful buffet luncheon was served by the bride's parents, after which the wedding party and invited guests for a honeymoon trip via the Great Lakes to London, Toronto and Ottawa. They are returning by motor through the Western States and will take up residence at Leveaux, Sask., sometime in August. The bride travelled in a smart grey and brown ensemble with tulle, of figured crepe frock and pattern belt, wearing a felt shoe. To the bride the groom gave a 1929 Pontiac four-door sedan, to the bridesmaid a French beaded purse, to the little flower girl a necklace of pearls, to the groomsmen a sterling silver cigarette case. The bride's gift to the groom was a Masonic signet ring.

Out of town guests included the groom's parents, Mr. and Mrs. James Maxwell, and George Maxwell, of Leveaux, Sask.; Mrs. W. A. Cameron, Leveaux and Gordon, Weyburn, Sask.; Mrs. Norma Maxwell, Fort Qu'Appelle, Sask.; Mr. and Mrs. E. Maxwell and son, Youngs town, Alberta; Mr. James and Mrs. Margaret Stewart, Sibbald, Alberta; Mr. and Mrs. J. K. McKeown, Leveaux, Alberta; Mr. and Mrs. Donald Maxwell, Graman, Alberta; Mr. and Mrs. J. S. Donahue, Charlton, Alberta.

Local guests beside the bride's parents were Mr. and Mrs. H. H. McLean, Mr. and Mrs. Hugh McLean, Mr. and Mrs. Robert McLean, Mr. J. B. McLean, Mr. and Mrs. Rev. McLean, Roth, Andrew, Roy and Donald McLean, Mrs. G. C. Edwards, Miss Amy Muir, Mrs. Whipple and Clifford, Mrs. L. McKeown, Mr. and Mrs. Andrews and Miss Lillian Andrews, Mrs. George Patton, Rita and Gordon and Rev. R. W. Dalziel.

Amongst the many interesting exhibits at the Calgary and Edmonton Fairs will be the stand of the Red Cross Society. The place that Red Cross fills in times of peace is equally erect as that of war, although the work is of a less spectacular nature. Health work on a vast scale is being carried on from day to day by the Red Cross among the children of our province.

The exhibits at the Fair will illustrate by poster and photograph what an important factor Red Cross is in the life of the school child, who has all to learn of personal hygiene, and good citizenship.

His unfortunate brother, the crippled child, under the kindly care of Red Cross is given that attention and correction which his parents could not afford. The well known Children's hospital in Calgary and Edmonton are attribute to the vision and efficiency of the men and women who hold the helm at Red Cross headquarters.

It is expected that hundreds of children will flock round the Red Cross booth, which contains many attractions for the little people and where they will find many models attractively showing forth the value of good health. A tiny Health Service Station modelled on the latest style of motor service will compare the human body to the auto, both needing daily care and attention if they are to function aright. Other models are a House of Health made of animal with a milk bottle, and a chimney, a soap foundation, and

BAWDEN'S BREAD

flavor's fine!

THE flavor of our bread is fine—you'll say it is. It is a loaf that pleases every one who tastes it. It makes good in the family circle. It's the bread to order, all right.

Wonderful games filled with many attractive features.

The Edmonton Exhibition will be in charge of the Radio Lady when Friendly Hour over C.I.C.A. has been a very popular feature for the country listeners. A cordial invitation is extended to all to see the Red Cross at the Fair.

SUMMER FAIR SEASON OPENS

The Calgary Exhibition and Stampede being held during the week of July 8 to 12 gives the season for summer fairs in the province. The Edmonton Exhibition and Pageant will occupy the following week. Dates assigned for Class B fairs are as follows: Lethbridge, July 17-19; Red Deer, July 22-24; Camrose, July 25-27; Vegreville, July 28-30; Vermilion, August 1-3; Lloydminster, August 5-7. The first of the Class "C" fairs will be at Bonaville, July 16 and 17, and these will continue for the following two months finishing with Pithbliss and Millerville on September 18.

OBITUARY**DEATH OF WILLIAM S. ANDERTON**

Another Old Timer of Macleod was laid to rest Tuesday afternoon in the person of William S. Anderton, who died on Sunday at the ripe old age of 84 years. The Rev. P. Randall Poynd, Rector, conducted the funeral service in Christ Church, William Anderton was born in Nottingham, England and came to Canada about 50 years ago, working for a few years in Toronto, he came West with the C. P. R. to Medicine Hat at that time, the furthest West point of the railway. He was the first watchman in Medicine Hat and after a few years, in 1861 he came to Macleod and carried on his business here for many years. He took an active part in town affairs, being a councillor and a member of the school board and justice of the peace. About 10 years ago he was married, and took up farming just across the river north of the town, where he carried on a dairy farm until about 10 years ago, when he retired from the farm and took up his residence in Macleod. He has been a well known figure on the streets of Macleod, and about a year ago, since when on account of age and infirmity he has been confined to his home. He is survived by his widow, Mrs. Anderton. Two brothers also at times, lived in Macleod a number of years ago. The pall bearers at the funeral were: D. J. Grier, Curran Grier, A. F. Grady, J. A. Struthers, Sam Hoop and Chief of Police John Pringle.

Spring Point News

Mr. Broch is with us again after his holiday at Jasper Park and will hold Church Services as usual every Sunday afternoon in the School House.

The Baseball Tournament on the 1st down at the Flume, played by Daily Creek, Jumbo Valley, Camrose and Spring Point was won by Spring Point.

Mrs. Frank Stone is visiting her daughter Mrs. Ryker in Lethbridge.

H. B. Bratton has gone to Calgary for the Fair.

Mrs. G. R. Jackman is staying in town with Mrs. H. Walker before going to California for her health.

Everyone is smiling after the much needed rain.

Bill and Harold Walker are visiting at the Jackson Ranch.

HELP YOURSELF

Here's a little advice to the young men: The average college student puts in only about 650 hours of actual study per term of nine months. Anyone who really wants to gain an education, of any kind, can do so by studying that many hours in his own home after work.

The wind may be so strong that it blows the mortgage off the farm, but with the adjustable top section of the McCormick-Deering Windrow Leader you will lose no hay.

When you are through loading hay with a McCormick-Deering Windrow Leader you can unhook it from the wagon without getting off the load. Saves a lot of hard climbing.

And here's a little advice to the young lady: Don't treat a husband too far; not a barbeque too near.

The action of the cylinder and carrier on the McCormick-Deering Windrow Leader is so smooth and easy that the leaves and blossoms of clover or alfalfa are not threshed off.

The McCormick-Deering Green Hay Loader is well built, durable, and will do the best work for years. It is the best loader made for loading direct from the swath. We have them in two sizes--8 and 8 feet wide.

Some folks call it a "mitch loader" when referring to the

McCormick-Deering Green Hay Loader, but the truth is it does a clean job with very little effort or wear.

A cook is a charitable institution, providing food and shelter for needy pedestrians.

McCormick-Deering Twine is trained against destruction by insects.

Victor: "Will you kindly tell me if a man belongs to your club with one leg named 'Wally'?"

Deborah: "I don't know, air, but I'll find out. What was the name of his other leg?"

A \$5000 grain crop is worth tilling with good twine. Don't risk partial loss to save one or two dollars on your twine bill. Insist on McCormick-Deering and know that you have the best.

Don't be misled by false advertising. Nobody can give you any more facts to the point than you find in the McCormick-Deering Big Ball Twine. Quality and quantity considered, McCormick-Deering Big Ball Twine is the least expensive on the market.

If it is a one-horse mower you want, or a vertical lift for close work, or a 4-foot regular or a 7-foot Big 6, we have it in the McCormick-Deering line. Our best recommendation is to refer you to many users in this community.

The action of the McCormick-Deering Side Delivery Bale and Tedder is easy on the hay. No threshing of leaves and blossoms.

at Right Prices

THE WHITE HALL

LOCAL AND PERSONAL NEWS

D. J. Young, Julie Simmons and F. B. Frey and Dr. Kennedy are Julie, Charles of Calgary were spending a motor holiday at Estevan visitors in Macleod on Saturday last.

Miss Nellie Williams is down from Edmonton spending the holiday with her mother.

Last week T. Simon, of Macleod, was successful in winning a third prize for Alkanon Insect Show.

Julie E. P. McNeil and Mrs. McNeil, of Calgary, were visitors in Macleod on Friday and Saturday, the guests of Mrs. McNeil's mother, Mrs. Geo. Rice.

and Mrs. Maxwell are the parents of the bridegroom.

R. J. E. Gardner was a visitor in Calgary on Sunday and Monday, taking in the Stampede on Monday.

Dr. Charles Winter, Royal Canadian Mounted Police, for Canada, returned over to Macleod, from Lethbridge, and spent Friday of last week with Mayor and Mrs. J. W. McDonald.

Kenneth Ringland returned last Friday morning from Rochester, Minn., where he has been for the past two weeks taking treatment for the Mayo Bros. and feels considerably better since his return.

Mr. and Mrs. W. O. Long and their son Gene have returned from a pleasant tour of the Glacier and Yellowstone National Parks. Mr. Long is greatly delighted with the trip, and is a member of Yellow Stone Park.

H. W. Bright and his daughter, Miss Dorothy Bright, went to Calgary on Saturday for the Stampede and Fair. Mr. Bright being an official of the Old Times' Association, which is taking an active part in the big days in Calgary this week.

Mrs. H. D. Monie and Miss S. Gilmore of Calgary, arrived in Macleod Saturday--Mrs. Monie is a Chief of province wide fame and is in charge of the cooking and catering at Dilly's Cafe, while Miss Gilmore is in charge of the dining room.

Macleod public and high schools will have a few changes in the teaching staff. Mr. Levermore, who was principal, resigned to complete his university training and will be replaced by his older brother, who has several years' experience in high schools, and has a B.Sc. degree.

He will be supported in the high school by Miss E. Telford, of Owen Sound and Miss H. Stewart, of Calgary, both experienced teachers.

Mr. J. H. (Miss) Taylor, or assistant principal, who is well known to the teaching profession; Miss Rita, Miss Anna Taber, Miss Griffin, Miss Martin, Mrs. Grady and Miss Eva Lancaster.

Thomas Clarke, Jr., of Macleod, has just received official notice of his appointment as a Forest Ranger from the Department at Ottawa. He will be located in the Pincher Creek district.

Mrs. Allan Kennedy and family, accompanied by her sister Miss Bertha Clarke, R.N. of Lethbridge, left last week-end for a month's holiday at Yalton, Wisc., visiting their sister, Mrs. K. J. Spencer.

The Hon. A. J. McLean, of Macleod, was one of the prominent members of the Old Times' Fleet in the big parade in Calgary on Monday morning in connection with the Stampede. Cliff Charlie, of Macleod, was also in the party.

Mr. and Mrs. R. Elmie Gardner, of Alliance, Alberta, were visitors in Macleod on Friday and Saturday on their way to spend a three weeks' holiday at the Coast. While in Macleod they were the guests of Mr. Gardner's uncle R. J. E. Gardner.

For the past two weeks Rev. T. G. Williams and family of Harewood, Sask., have been the guests of Mr. and Mrs. Adam Burdette of the Allenfield District. During their visit they renewed acquaintance with many of the community who had come from the same locality in England. On Wednesday, June 26, a reunion was held at the home of Mr. Burdette and several of the neighbors enjoyed the fellowship and banquet. At this banquet the most honored guests were Mr. and Mrs. Burdette of Portland, England, who delighted all the guests with their happy greetings to Canada and the Canadians. The Burdette family left for England the following week and the Rev. Williams and family left on Tuesday for Saskatchewan.

Smoking forests or smoking chimneys-- WHICH?

WE CAN'T HAVE BOTH

Over one-half of all Canada's industries depend on wood as a raw material. When the forests are destroyed mills must close down, railway earnings must suffer, trade must stagnate and prosperity must vanish.

Issued by authority of the Hon. J. A. G. Stewart, Minister of the Interior.

The Biggest Little Grocery Stores on Earth

The S. E. GUST STORES, LIMITED

MACLEOD BRANCH

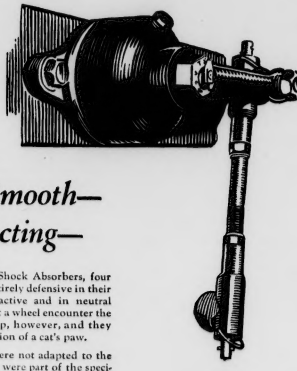

H. Oakland, Mgr., Macleod. We'll deliver \$3.00 orders

Peanut Butter, 5 lb.		each
pail	\$1.05	Grape Fruit, large, each
		15c
		Carrots, 4 lbs. for

Raspberries, Celery, Tomatoes, Head Lettuce, Gr. Onions

FORD CAR HOUDAILLE HYDRAULIC SHOCK ABSORBERS

Positive—Smooth—Double Acting—

HOUDAILLE Hydraulic Shock Absorbers, four to every Ford car, are entirely defensive in their action since they remain inactive and in neutral position on smooth roads. Late a wheel encounter the slightest depression or bump, however, and they respond with the velvet precision of a cat's paw.

Houdaille Shock Absorbers were not adapted to the Ford car after it was built, but were part of the specifications laid down by the Ford engineers as they planned the car. Therefore, Houdailles, their powerful operation coordinated, became integral parts of the complete chassis. It is for this reason that they function with such perfect efficiency on the Ford car.

Houdailles absorb both the upward and downward thrust of the shock through slowing the spring action by means of a heavy glycerine solution, which is forced through a small valve from one compartment to another. They check the rebound of the car softly, exert no tension on the springs and are always ready to offer resistance to the blow when and as required. In fact, the more severe the shock, the more effectively Houdailles operate.

Different from any other shock absorber, the Houdaille connecting link between the frame and the axle of the car is a steel arm, not just a fabric strip to wear out and be replaced. Adjustable to suit differing road conditions and various loads, the Houdaille is more than a shock absorber and more than a snubber.

Inspect the Ford car carefully part by part. Then know the thrill of driving it. By its performance you will realize the easy riding comfort of an Houdaille equipped Ford.

Arrange for your demonstration ride with the nearest Ford dealer
